

# Save the Island!

Town Project 12-17 would:

Construct a massive new rotary in front of the Perrot with 10-ft. wide sidewalks and 6-ft. medians

Permanently eliminate the island at Forest and Sound Beach Avenues

Remove up to 15 mature trees along Sound Beach Avenue

Help stop this assault on Old Greenwich! Get more information and sign the petition at: [www.savetheisland.org](http://www.savetheisland.org)
